TREASURES OF THE BIBLE
The Dead Sea Scrolls and Beyond

Exhibition and Workshop for Teachers

Saturday, July 17, 2010
9:00 a.m. – 1:00 p.m.

Azusa Pacific University
Darling Library on APU's West Campus
701 E. Foothill Blvd., Azusa, CA 91702

Through a collection of rare artifacts, including fragments of the ancient Dead Sea Scrolls, Torah scrolls, and examples of some of the most influential Bibles ever produced, visitors take in the full historic sweep of the Bible's presence in the West in a single exhibition. The Dead Sea Scrolls—the oldest known version of the Hebrew Scriptures hidden in the caves of Qumran for 2,000 years—have been hailed as one of the greatest archeological discoveries of the 20th century.

This special teacher workshop will feature

- **William Yarchin, Ph.D.**, Dean's Endowed Professor of Biblical Studies, School of Theology, Azusa Pacific University
 - **California 3 Rs Overview: Teaching About World Religions in Public Schools**

The California History-Social Science Content Standards, especially in grades 6 and 7, include extensive coverage of world religions from the ancient Near East and their impact on human history. Learn how to use this content and any sacred text in the classroom in a constitutionally permissible manner.

- **Free Lesson Plans Aligned to the CA History-Social Science Content Standards, Grades 6-8**

This primary source-based teaching unit is the product of a collaboration between APU's Special Collections and School of Education's Teacher Education Department. It has brought together one middle school history teacher, two graduate school credential candidates, and two education professors from Teacher Education.

- **Self-Guided Tour of the Exhibition**
